- We help arrange classrooms as needed.
- Assumes students have already arrived in Edinburgh (we can greet you at the train station, and help make arrangements to get to flats) - ie add airfare to this price.
- Meet you at the Train station to travel to accommodation (usually we book vans, or cars/taxis for your group, and help students get to the airport at the end. (Includes vans and/or taxis to airport for however they book. If they stay past the trip, and continue to stay with us we will assist with their taxis to the airport too, if they leave while we are still there.)
- Help arrange experiences like flyering, working on tech, or similar other production experience, catered as closely as possible to student interests (assuming you give us information that will help us do this in advance.
- Intro safety lecture, Walking tours to show students where things are, (history lectures if you want), History of the festival type lectures, Guest Lectures arranged to fit your needs, etc. (Only as you desire or have time for, but we can help find you some amazing guest speakers from our contacts, and we can work with you to fit your particular needs or interests of the class or students.)
- You get help with one or two professors with decades of experience to help with your class, and assist you with whatever you need during the festival. (We also work with other groups, so it isn't exclusive.)
- We can even help you select or suggest some of the shows for an easier experience for you, and even book the shows in advance, and walk the students to them. If you want we can even facilitate discussion with our professors after the show(s). (Make sure to request this specifically.)
- Food and group meals are not included. (It is also very difficult to arrange group meals at restaurants, because almost all restaurants in Edinburgh in August do not allow group bookings.) If you want to have a final group meal or similar, we can try to help you book something, or help you with arrangements, but we can't promise we make it happen. That is also why we don't include any meal or foods in our pricing. We do have kitchens, and give students tours of affordable restaurants, and grocery stores.
- We do most of the planning for you. You just show up with your students focus on enjoying the experience! (BUT you can plan or make as many decisions as you want!)
- We take the risk of exchange rate (within reason), and other financial issues this far out. So this is the price. Exchange priced at 1.75-1.95. If it goes below or above this exchange rate - we will make adjustments as necessary. Usually not in price to students but in services first (for ease of all).

1. Modifications must be made in writing and agreed upon by both parties.

Additional student packages may be added at any time, depending on availability.

2. Additional nights or other additions can be made with an agreement on additional price, and if available.

3. Reduction of student packages can be made without penalty up to 5 months before arrival, depending on the type of accommodation. The lower student package count, may change the price level for all other students, and the new amounts must be paid in full.

4. Within 5 months of arrival, there can be no reduction in student packages, and the total amount must be paid in full.

5. However, between 3 and 5 months out, if Fringe University agrees, there may be some ways to recover a small portion of the cost of some of the package amounts, but if the accommodation type is the wrong type - this may not be possible (or advised). This is only a possibility and cannot be guaranteed. Packages can, however, (prior to the 3 months out) be switched out with other students from your university with approval from Fringe University.

6. Within 3 months of arrival, there can be NO reduction in student packages, and the total amount must be paid in full.

Force Majeure

Fringe University shall be excused from any delay or failure in performance required hereunder if caused by reason of any occurrence or contingency beyond its reasonable control, including, but not limited to, acts of God, acts of war, or threats of acts of war, terrorism, or threat of terrorism, epidemic, fire, insurrection, strikes, lock-outs or other serious labor disputes, venue closures, housing closures, festival closures, riots, earthquakes, floods, explosions or other acts of nature. The Client acknowledges and agrees that Fringe University will not be liable for any losses or damages, whether indirect, incidental, special or consequential, in profits, goods or services, irrespective of whether or not the Client has been advised or otherwise might have anticipated the possibility of such loss or damage.

Exchange Rate

Fringe University will be covering exchange rate fluctuations up or down 15%. The rates involved include US Dollar, Canadian Dollar, and GB Pounds Sterling. If rates between any of these currencies change more than 15% first, we will first work together to either cut or add package features to keep prices the same. If that isn't enough, we will have to raise prices. This would be a rare economic event that we don't expect to happen, and has never happened since we started Fringe University.

No Guarantee

The client acknowledges and agrees that Fringe University cannot guarantee the results or effectiveness of any of the services rendered or to be rendered. Rather, services shall be executed in a professional manner and in accordance with good industry practice. Best efforts will be used but no results are promised.
